What's on your mind?

Been busy getting credentialed. Now, getting ready for a big summer of ministry!

This update is a little late, but I've been especially busy completing the Youth For Christ credentialing process. Credentialing is the on-the-job development experience designed for staff new to YFC/YU. It is a professional standard that fundamentally ties all staff members in Canada together and qualifies them to, among other things, accept expanded roles in the larger organization and even beyond to the larger movement of YFC worldwide.

I've been working hard to be credentialed and I'm very relieved to say that I completed the process last week! Having this complete, I have a renewed and invigorated passion to see lives changed amongst the youth in Mission. I can also devote more time to expanding this work.

August

16 - 22 Summer 2009 - Local Service Project

Project Name: Project - Play Ground

Participants: Mission Youth Unlimited; The Cross Current Church (TXC), Mission Friendship Centre, and the Skatin First Nations Band

Proposed Project: Rebuild a children's playground, do critical repairs on the Community Hall for the Skatin Band and do other odd jobs in the community as needed.

This trip is shaping out to be one of the most exciting service projects that I've been a part of. The Skatin Reserve is located along the Lillooet River, north of Harrison Lake. I am in the process of recruiting youth to participate. This experience will be life changing, not only for the reserve but also for those involved in this "rebuilding" project.

Please consider how you may help us with this project, either financially, prayerfully and/or with applicable skills.

May Long Weekend

15 - 17

Project Name: Historymaker '09

Participants: 10 youth plus me.

Event Recap: I've been taking youth to this event for many years. This year was especially memorable since 2 youth committed their lives to Christ for the first time and 5 recommitted their relationship with their Creator and Savior!!!!

Please pray for the lives of these youth as they devote their lives to living the call that God has on their lives to spread the transforming love that they have now experienced.
